EAM likely to make statement in Parl today

▶Continued from P1

India's top security and intelligence officials closely monitored the Bangladesh Air Force transport aircraft carrying Hasina throughout its flight in Indian airspace till it landed at Hindon Monday evening.

She took the C-130, with call sign AJAX1431, from an airbase in Bangladesh after fleeing from Dhaka in an Mi-17 helicopter.

Hindon, incidentally, is the home base for Indian C-130J 'Super Hercules' planes in the 77 Squadron (Veiled Vipers) of the IAF.

AFP

Anti-govt protesters celebrate after Hasina's resignation at Shahbag area near Dhaka university on Monday

Doval was not present at the CCS meeting convened by PM Modi and attended by defence minister Rajnath Singh, home minister Amit Shah, finance minister Nirmala Sitharaman and foreign minister S Jaishankar. The safety of Indian nationals and diplomatic personnel figured prominently in the deliberations because of Hasina's "pro-India" image as well as the involvement of anti-India elements in the protests.

Jaishankar is likely to make a statement in Parliament on Tuesday.

India waits to see who takes over Dhaka

▶Continued from P1

While Jamaat is known for its links with Pakistan, BNP, which didn't contest the election earlier this year because it wasn't held under a caretaker govt, has never lost an opportunity to stoke anti-India sentiments. Together, they fanned what started out as a genuine student movement in early July into a violent country-wide agitation for regime change.

While India will hope that the army will have a moderating influence on the new govt, there's still a lot it will be concerned about. Political stability in Bangladesh under Hasina allowed India to focus on economic development in the country which is seen by the govt also as an indispensable partner in the development of its own northeastern region. The development partnership with focus on energy and connectivity flourished. It allowed India to have cooperative and peaceful border management mechanisms along the 4,000km border with Bangladesh, and address issues related to drug and human trafficking and fake notes. India will be concerned about how such initiatives are impacted as the new govt in Dhaka takes over.

TOI LINE OF NO CONTROL SANDEEP ADHIKARY

Second, India will need to guard against any effort to fan regional unrest, including anti-India activities on Bangladesh's soil by foreign elements who have waited long to see the back of Hasina. India was faced with a similar situation in Afghanistan, much to Pakistan's jubilation, with the return of the Taliban in 2021 and although the regime in Kabul has been receptive to India's concerns so far, New Delhi continues to warily follow reports about activities of Pakistan-based terror groups in Afghanistan.

Third, India will be worried about how counter-terrorism and defence cooperation with Dhaka might be affected. In the meetings with Hasina, PM Narendra Modi had been stressing on joint efforts to counter terrorism and radicalisation and in their last summit in June, the two sides had agreed to explore defence industrial cooperation for modernisation of Bangladesh's armed forces.

Fourth, the role of China in the dramatically altered political situation in Bangladesh will have to be closely followed. While maintaining strong economic ties with China, which earned her Beijing's endorsement after the farcical elections in January, Hasina had ensured Chinese investments did not impinge on India's security interests. Despite China's interest in the Teesta development project, Hasina was keen that India execute the project and her last meeting with Modi saw the Indian side agreeing to send a technical team to Bangladesh to examine a proposal for management and conservation of the river waters. With Hasina's exit, India will be worried about how the new govt will handle what both sides saw till now as shared strategic concerns and interests.

Successive Indian govts had an "all-encompassing" relationship with the Hasina govt that was based on trust, goodwill and respect for sovereignty, with the Indian ministry of external affairs hailing it a model for bilateral ties in the region and beyond.
