

EAM likely to make statement in Parl today

Continued from P1

India's top security and intelligence officials closely monitored the Bangladesh Air Force transport aircraft carrying Hasina throughout its flight. Indian aerospace till it landed at Hindon Monday evening.

She took the C-130, with call sign AJAX140, from an airbase in Bangladesh after fleeing from Dhaka in an Mi-17 helicopter.

Hindon, incidentally, is the home base for Indian C-130J "Super Hercules" planes in the 77 Squadron (Vigilant Vipers) of the IAF.

India waits to see who takes over Dhaka

Continued from P1

Daval was not present at the CCS meeting convened by PM Modi and attended by defence minister Rajnath Singh, foreign minister Subrahmanyam Jaishankar, the safety of Indian nationals and diplomatic personnel figure prominently in the deliberations because of Hasina's "pro-India" image as well as the involvement of anti-India elements in the protest.

Jaishankar is likely to make a statement in Parliament on Tuesday.

India has been stressing on joint efforts against terrorism and radicalisation and in their last summit in June, the two sides had agreed to explore defence industrial cooperation for modernisation of Bangladesh's armed forces.

Fourth, the role of China in the dramatically altered political situation in Bangladesh will have to be closely followed. While maintaining strong ties with Beijing, India has been critical of China, which endorsed the Taliban in January. Hasina had ensured Chinese investments did not impinge on India's security interests. Despite China's interest in the Tista development project, Hasina was keen that India execute the project in a manner that respects the environment and the Indian side agreeing to send a technical team to Bangladesh to examine a proposal for management and conservation of the river waters. With Hasina's exit, India will be worried about how the new govt will handle what both sides saw till now as shared strategic concerns and interests.

Successive Indian govt's had an "all-encompassing" relationship with the Hasina govt that was based on trust, goodwill and respect for sovereignty, with the Indian ministry of external affairs hailing it as model for bilateral ties in the region and beyond.

While India will have a moderating influence on the new govt, there's still a lot it will be concerned about. Political stability in Bangladesh under Hasina allowed India to focus on economic development in the country which is seen by the govt also as an important part of the overall development of its own north-eastern region. The development partnership with focus on energy and connectivity flourished.

India was faced with a similar situation in Afghanistan, much to Pakistan's jubilation, in 2021 and although the regime in Kabul has been receptive to India's concerns so far, New Delhi continues to worry about reports regarding activities of Pakistan-based terror groups in Afghanistan.

Third, India will be worried about how counter-terrorism and defence cooperation with Dhaka might be affected. In its meetings with Hasina, PM Narendra Modi

TO DESTROY MY
LEGACY TO ME...**
**...TO ME
TOO**

live and peaceful border management mechanisms along the 4,000km border with Bangladesh, and address issues related to drug and human trafficking and fake notes.

India will be concerned about how such initiatives are carried out and how they affect the environment in Dhaka's care.

Second, India will need to re-examine its offer to the rural unrest, including anti-India activities on Bangladeshi soil by foreign elements who have waited long to see the back of Has-

na. India was faced with a similar situation in Afghanistan, much to Pakistan's jubilation, in 2021 and although the regime in Kabul has been receptive to India's concerns so far, New Delhi continues to worry about reports regarding activities of Pakistan-based terror groups in Afghanistan.

Third, India will be worried about how counter-terrorism and defence cooperation with Dhaka might be affected. In its meetings with Hasina, PM Narendra Modi
